All Shipping Companies Are Not The Same.

We know that as an international exhibitor you need transportation that you can trust. At PIBL we specialize in trade show shipments. We have decades of experience understanding customs clearance issues.

We'll get your shipment to the show on-time, on-budget, and without stress. Here's why:

A Track Record of Reliability

With PIBL, exhibitors ship with confidence. We have a long-standing record of reliability, along with the experience to handle complex international shipments.

Accessible and Easy

We make the shipping process easy. We have agents throughout the world, and we identify agents in markets where we don't have an affiliate. That means less delays, less costs and less concerns for you.

Accurate Estimates

Our estimates are thoroughly developed specifically for your shipment. Unlike other companies, we give you the costs upfront, not lots of surprises somewhere along the process.

What Others Say About PIBL

"They've assisted us in a cool, calm, collected manner with an obliging staff... through many a pressure filled/time-sensitive U.S. Customs clearance. They've turned hopeless causes into trade show miracles thanks to a dogged determination and their extensive network of contacts at every major port." – R.M.

"...Pricing is competitive and their success has been 100% on-time delivery." – M.E.
